BAD WRECK ON SANTA FE

ONE KILLED AND THIRTY INJURED IN WRECK NEAR DAVIS.

Davis, Okla., Dec. 14.—One man was killed and thirty seriously injured when a southbound Santa Fe train was thrown from the track by a broken rail on the bridge across the Washita river five miles from here about 2:30 o'clock Wednesday afternoon. The dead is Floyd Goan, of Davis, Okla., an Indian boy aged about eighteen.

The following are fatally injured, it is said: J. W. Oakes, Grove, Okla.; L. B. Ezzell, Lone Grove, Okla.; Emmett Williams, a news butcher and J. W. Freze, Wynnewood.

The names of the injured are: Dallas Johnson, Iona, Ok.; E. E. Howse, Wichita, Kan.; Grove Chase, Ardmore, Okla.; W. A. Harbin, Dougherty, Ok.; J. H. Hatcher, colored, Oklahoma City; H. C. Hodges, Pauls Valley, Ok.; Frank Boland, Ardmore, Ok.; Robert Etheridge, Mills county, Tex.; J. C. Humby, Oklahoma City; M. E. Reynolds, Oklahoma City; J. Jackson, colored porter, Cleburne, Tex.; John Taylor, Carvin, Okla.; Joe Cunningham, Davis, Ok.; P. K. Cunningham, Davis, Ok.; W. A. Dunbar, —; William Jennings, Elmore, Okla.; Elmer Dunningham, Berwyn, Okla.; H. E. McNeely, Kansas City, Mo.; Andrew Sparks, colored, Purcell, Okla.; R. H. Park, Davis, Ok.; Jim Caton, Davis, Okla.; W. B. Bice, Elkins, N. M.; M. L. Bice, Elkins, N. M.; Elmer Starr, Purcell, Okla.; Frank Hart, Hutchinson, Kan.

Practically everyone on the train was more or less seriously injured, but only those named are unable to attend to their own wants.

The smoking car, baggage car, and chair car plunged from the track forty feet into the Washita river, landing bottom up. The engine, for some reason, did not follow them, and the Pullman's and other passenger cars

kept the track though the shock was severe for everyone on the train.

Work of attending to the injured started immediately. They were taken into the pullmans and their wounds dressed until late into the night. A wrecking train has been telegraphed for, and is on its way from Gainesville, Tex.

Conductor William Whitman, who was in charge of the train, is unable to explain how the track was damaged.

Two of the injured are expected to die at any minute.

A train containing all the wounded who will go, is expected to leave Davis about midnight for Temple, Tex., at which point is located the Santa Fe hospital.

The engineer on the wrecked train was J. Bannister and the name of the fireman was McConkey.

LEGISLATURE DEADLOCKED

NEITHER HOUSE SEEMS INCLINED TO FIELD ON QUESTION OF SITE.

Oklahoma City, Dec. 14.—The senate adopted a resolution approving the site at or near Twenty-second street and Lincoln boulevard for the location of the capitol. The house promptly tabled the resolution. The senate then moved to adjourn sine die after disapproving the Putnam site.

These are some of the things that transpired Wednesday afternoon to further muddle the situation already complicated and which indicates that the legislature is hopelessly deadlocked over the question of where the seat of government of the state of Oklahoma shall be. Should the senate and the house refuse to recede from their respective positions it does not require a prophet to predict that the legislature will adjourn without settling the question for which the governor called the special session.

The open disapproval of the Putnam site and the approval of the site at or near Twenty-second street and Lincoln boulevard by the senate defines its position clearly. The passage of a bill more than one week ago practically endorsing the Put-

nam site and the tabling of the resolution accepting the site at Twenty-second street and Lincoln boulevard by the house shows that the two branches of the legislature are at cross purposes. Unless some peace-maker can bring the two houses together at the special term of the legislature Oklahoma City's chances of ever securing the permanent capital appear to be trembling in the balance.

With a roar of disapproval the house Thursday afternoon voted to lay upon the table the resolution passed by the senate fifteen minutes before approving the site near Twenty-second street and Lincoln boulevard, for the location of the capitol of the state of Oklahoma. When Speaker Anthony announced that the resolution had been tabled the house broke into a storm of applause which lasted for nearly a minute.

Immediately a message was sent to the senate conveying the information that the house had placed the resolution upon the table and further indication that the stamp of disapproval went with it. The senate upon resolution of Senator Redwine moved to adjourn sine die. The vote on the motion to adjourn was 25 to 5. The resolution that the legislature do adjourn without a day to meet will be transmitted to the house Thursday.

Mr. and Mrs. Ed Johnston, Mrs. B. F. Jackson and daughter, Miss Allie Johnston were among the Ada visitors from Roff yesterday.

SUGGESTED CHANGES IN BANKING FORM

Shawnee, Dec. 14.—C. D. Rorer, vice president of the Security state bank has returned from Enid where he attended the meeting of the Oklahoma Bankers' Association. A discussion of some needed changes in the state guarantee law was one of the principal features of the meeting. These changes will be suggested to the governor and the legislature for their consideration. One of the features of these suggestions is that the state banking board shall be strictly non-political, and of three persons, and at least one of the three members shall be of different political faith from the other two.

What Makes a Good Cigar

There are three things that go to make a good cigar; good tobaccos, perfectly blended, skilled labor and knowing how to combine the two. We don't buy cigars because we like the man who sells them. We know how they are made, what they are made of, which accounts for the popularity of the cigars we sell.

We especially recommend a new cigar we have just got in which is unquestionably the best value for 5 cents on the market today. The filler has a fine flavor and aroma and it burns evenly and is good down to the last puff. If you are a discriminating smoker don't fail to try one.

NEW TRIALS FOR TOM BIRDWELL AND BLAKE ALLEN

Guthrie, Ok., Dec. 14.—The following opinions were handed down by the criminal court of appeals today: E. P. James et al., Canadian county, gambling, affirmed. The case of Thomas Birdwell and Blake Allen, convicted of manslaughter and sentenced to ten years and two years, respectively, were reversed and remanded for a new trial on the ground that the evidence which convicted them was given by a child, being in direct contradiction of the laws of old Indian Territory. They were tried and sentenced before statehood. This case is from Pontotoc county. S. C. Childs, Seminole county, liquor affirmed. In the case of Lem Sing and Lee Sing, from Carter county, where defendants were prosecuted jointly, the failure of the judge to tell the jury that they might convict one and not the other is held not to be reversible error. That case is also affirmed. Other liquor cases, all opinions by Judge Furman, were decided as follows: W. K. Eldson, Osage county, reversed and remanded because of instructions as to the credibility of a witness; E. H. Brunson, Muskogee county, reversal, venue not proven; Sam Allen, Grady county, affirmed; G. A. Browning, affirmed.

DEED FOR BYRD'S MILL SPRING

CITY OF ADA GETS CHRISTMAS PRESENT FROM SECRETARY OF INTERIOR.

Yesterday afternoon Mayor Little received a Christmas present from the secretary of the interior that will be prized above any other that the city could be given just now. This was the deed for the Byrd's Mill spring. This removes every shadow of an obstacle in the way of the completion of the enterprise, and any others who might have had an eye on that source of water supply and power will have another move coming. The work of putting through the details of this big undertaking has not been easy and it will always stand as a monument to the Little administration, and to the untiring efforts of the citizens who have lent their assistance to the enterprise.

Will Move to Steedman.

J. R. Lambert and son H. J., are today moving to Steedman where they will engage in the produce business. As this is a line with which they are very familiar, we have no doubt about their success. They conducted a similar business at Ada and made a success of it. Although we regret to lose these men from Ada, we commend them to the good people of Steedman, for our loss is Steedman's gain.

We don't know exactly who is re-
sponsible, but we do know that a
more bunglesome system, or rather
lack of system, could not be devised
for collection of taxes than we have
here in Oklahoma. A man must look
up every scrap of property he owns
and list it separately when he calls
to pay up, and the treasurer and his
force are run to death trying to keep
matters straight. In Texas, the col-
lector can spend the summer in fill-
ing out the receipts from the rolls,
and when a man calls to pay all
there is to do is to tear out the re-
ceipt and take in the money. One
man can in that way do more than
five can in Oklahoma.

Verily the old time prejudice en-
gendered by the Civil War is dying
out. The U. S. Senate unanimously
confirmed the appointment of Judge
E. D. White, as chief justice, a
Louisiana democrat and ex-Confeder-
ate soldier in less than an hour after
it was sent in by President Taft.
Even Heyburn, the rattlesnake from
Idaho who has frequently loosed his
venomous tongue against ex-Confed-
erates, was whipped into line and
voted for confirmation.

When Cruce makes his appoint-
ments there will not be so much
enthusiasm and gush among certain
classes. To many he will lose all the
attraction he ever had and will be
transformed from an angel to the
opposite. Thus he will appear to
the losers, of course.

The mayor of Oklahoma City is
evidently a friend of the small boy.
Since Christmas comes on Sunday
this year the junior element of
American citizens—and some of the
older ones, too, for that matter,
would find the joys of the day some-
what diminished. The mayor comes
to the rescue, however, by issuing
proclamation designating December
26 as a legal holiday.

Several of our readers have sug-
gested various additions to the chap-
ter on grafters that appeared in the
News of Tuesday. The fact is we
know of a few more that really de-
serve a place in that collection. We
have learned them from sad experi-
ence, too.

When a man is your friend you
look at his shortcomings through the
big end of the telescope and they
look mighty small and far away.
When your feelings towards him
change, you reverse the glass and
these failings seem very close up to
you and like big blotches.

Education is the power that lifts
a man from the valley where he sees
but little to the mountain tops from
which he can view the whole panora-
ma of life and learn from the ex-
amples and experiences of others in
the passing throng.

The Durant Democrat boasts that
Durant is the only city in the state
that has plenty of water now. Just
wait a few months, brother, until
the Byrd's Mill extension is made.
Then Ada will do some crowing too.

Any tax-payer can vote in the
Byrd's Mill bond election, whether
he pays much or little, so be on
hand early, boys, and help push a
good thing along.

These small towns that are putting
in bids for the state capital are get-
ting a lot of free advertising, any-
way. Ada lost a fine opportunity right
there.

Every man familiar with the con-
ditions of other towns says that Ada
is doing about the best business of
any town its size in the state.

the cumbersome system prescribed
by the state.

A WORD FROM THE CITY ENGINEER

WHAT IT WILL COST TO MAIN-
TAIN BYRD'S MILL WATER-
WORKS SYSTEM.

WHAT WATER COSTS NOW
Will Cost But Little More to Meet
Interest and Sinking Fund Than
Present Power and Main-
tenance Bill.

Editor News:

As per your request I hereby sub-
mit a few facts in regard to the
Byrd's Mill water works project,
showing the approximate cost of
maintenance of the present water
works system and the approximate
annual cost of the Byrd's Mill sys-
tem.

The cost of maintenance of the pres-
ent system is approximately as fol-
lows and approximately 375,000 gal-
lons per 24 hours are pumped:
Pumping\$5,400.00
Maintenance 1,000.00

\$6,400.00

At the present time only about one-
fourth of the sewer connections have
been made and safely estimating that
when all have been made it will re-
quire the consumption of about 600,-
000 gallons per 24 hours, at the pres-
ent ratio for power this will cost the
city of Ada over \$9,000.00 per year.
Any future increase in the popula-
tion of Ada the increase of the cost
of the maintenance of the system
will increase proportionately.

With the Byrd's Mill project the
first cost will be the only great ex-
pense and the cost per year is as
follows:

Interest \$150,000 bonds
at 5 per cent.\$ 7,500.00
Sinking fund 6,000.00
Maintenance plant... 500.00

\$14,000.00

My plans are at the present time
to install two hydraulic rams which
will furnish 1,200,000 gals. per 24
hours. If in the future more water
is needed the stream has power
enough to feed three more rams with
an ultimate capacity of about 2,300,-
000 gallons per 24 hours. This amount
of water will take care of 20,000 in-
habitants. The cost of the mainte-
nance will not increase but will stay
the same until the maximum capac-
ity of the rams is reached, when
steam or electricity would have to
be used.

There seems to be some doubt as to
whether or not the rams will do the
work. The hydraulic ram working
under a 50 ft. head will elevate wa-
ter 800 feet. We will have here a lift
of 175 ft. actual head and approxi-
mately 210 ft. friction head, making
a total of 385 feet head, when the
delivery of water will be 1,200,000
gals. per day. When the discharge
through a 12 inch pipe will be 2,300,-
000 gals., the friction head will be
450 feet and the actual head 175,
making a total of 625 feet head.

It will be readily seen that the
proposition is practical from an engi-
neering point.

P. G. EKMAN, City Engineer.

FALL TERM EXAMINATIONS

The fall term of the East Central
Normal ends Saturday after which
school will be dismissed for the
Christmas holidays until Tuesday,
January 3rd, 1911, the beginning of
the winter term.

Examination is the order of the
day and those students who have fall-
en below an average of 90 per cent
on recitations and texts are now
making up the deficit by taking the
term examination. Over 50 per cent
of the student body, however, have
made the required average. The work
of beautifying the grounds is well
nigh completed, the grading having
been finished, preparatory to the
planting of the trees and grass which
will add greatly to the attractiveness
of the place.

Homer E. Woods of Midland, Tex.,
came in yesterday afternoon to visit
his brother-in-law, W. J. Coffman,
and will probably remain in Ada
the remainder of the winter.

BANK OF ENGLAND NOTES.

Qualities Which Prevent Their Being
Counterfeited Successfully.

About the year 1819 a great outcry
was raised against the Bank of Eng-
land for not adopting a style of note
that could not be imitated and at the
same time preventing the sacrifice
of life which at that period was com-
mon, the punishment for forgery be-
ing death. The subject at last be-
came so pressing that the govern-
ment appointed commissioners to in-
vestigate the cause of the numerous
forgeries and whether a mode could
be devised whereby the forging of
bank notes might be prevented.

Previous to this investigation the
directors of the bank had been en-
deavoring to remedy the evil, many
plans having been submitted to them
all of which they were obliged to re-
ject.

The bank placed before the com-
missioners 180 different projects that
had been recommended for adoption
and 79 varieties of paper made by
way of experiment. The result of all
this labor was the bank note of to-
day.

The color of the paper is peculiar
and cannot be imitated exactly by
counterfeiters except at great ex-
pense. The combined thinness and
strength of paper are also unique.
It is made in sheets large enough for
two notes. Each note before it is sized
weighs about 18 grams, and then is
doubled it is strong enough to sus-
pend a weight of 36 pounds.

The texture of the paper is also
peculiar. It has a crisp feel invari-
ably the same and such that bank
clerks of experience can readily de-
tect forgeries by this test alone. Then
the wire mark impressed in the mak-
ing by a frame, costly to make and
difficult to use, is practically inimit-
able.

Each note has thin, rough edges
uncut not to be produced by any mode
of cutting paper and is not devised
expressly for the purpose. The
paper for printing is dampened with
water in the exhausted receiver of an
air pump. The ink used in the plate
printing is made of Frankfort black,
which is composed of the charcoals
of the tendrils and husks of the Ger-
man grape ground with linseed oil.
This ink has a peculiar and very
deep shade of black, common black
inks being tinted either with blue or
brown.

CARNEGIE AIDS CAUSE OF PEACE

Washington, Dec. 14.—Surround-
ed by twenty-seven trustees of his
choosing comprising former cabinet
members former ambassadors, college
presidents, lawyers and educators, An-
drew Carnegie Wednesday transferred
to them \$10,000,000 in 5 per cent. first
mortgage bonds, value \$11,500,000, to
be devoted primarily to the establish-
ment of universal peace by the aboli-
tion of war between nations and such
friction as may impair the "progress
and happiness of man."

When wars between nations shall
have ceased, the fund is to be ap-
pealed to such altruistic purposes as
will "best help man in his glorious
ascent onward and upward," by the
banishment of the "most degraded
evil of evils, which are harassing
mankind."

As Mr. Carnegie read an informal
deed of trust, announcing at length
the purpose of his gift, there was
prolonged applause. He then explain-
ed the incident which inspired the
giving of the money at this time and
declared with emphasis that if the
English-speaking race in the United
States and Great Britain once con-
solidated in the movement for inter-
national peace, the success of the
measure for the rest of the world
will be assured.

That Great Britain stood ready to
co-operate with this country, Mr. Car-
negie said, he felt certain, and all
that was now needed was the con-
currence of the president and the
senate in promulgating the move-
ment on behalf of the United States.

SELFISHNESS OF BACHELORS

Some outspoken remarks concern-
ing selfish bachelors were made by
the Rev. Dr. Hemphill of Tipperary
at the conference of the church of
Ireland at Belfast yesterday.

A woman of the farming class, he
said, remarked to him the other day
that the population was running very
thin. He wondered what had come
over the young men that they pre-
ferred patent leather boots and spats
and a fortnight's "swelling" at the
seaside, with a game of billiards ev-
ery evening to the joys of family
life.

Their wages would not allow both
the fine clothes and a wife. They
chose the clothes, and let some sweet
girl pine out her life in maidenhood.
They were wretched fellows who did
not know in what true happiness con-
sisted. Better the love of a sweet
and pure wife than all the silk socks
and gaudy waistcoats in the world.
"Come back," said Dr. Hemphill,
"to the simple life. Learn that true
joy consists in woman's gentle love.
This dreary bachelorhood is de-
stroying yours by making you sel-
fish and destroying hers by robbing
her of the husband and children God
intended for her."

He knew that things were dear and
that people expected more luxury
than their parents had, but those ex-
pectations must be discouraged. "For
God's sake," he concluded, "pitch
away your tobacco, annual outing,
your fine clothes, your club, and
whatever else makes such an inroad
on your income that you can not
think of holy marriage. It is a glori-
ous thing to be the father or moth-
er of even the poorest family."

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now
Facts of Science.

It is the rarest thing in the world for
a man to be necessarily bald. No man
whose hair is not dead at the roots, need
be bald if he will use Newbro's Herpi-
cide, the new scalp antiseptic. Herpi-
cide destroys the germ that cuts the hair
off at the root; and cleans the scalp of
dandruff and leaves it in a perfectly
healthy condition. Mr. Mannett, in the
Maryland Block, Butte, Mont., was en-
tirely bald. In less than a month Herpi-
cide had removed the enemies of hair
growth, and nature did its work by cov-
ering his head with thick hair an inch
long, and in six weeks he had a normal

Railroad Wreck at Byars.

Last night about 10:30 o'clock there was a rear end collision between two extra freights on the O. C. at Byars. One car was demolished, one engine was badly broken up but not beyond repairing. Some of the track was torn out, but was repaired this morning in time to keep it from interfering with today's traffic. Nobody was injured in the shake-up and aside from the above mentioned no further damage was done.

We wish to call special attention to the article in this issue of the News by Mr. P. G. Ekman, city engineer. So many have not fully understood the plans of the engineer in regard to the Byrd's Mill matter and the cost of maintaining the enlarged system, that we asked Mr. Ekman for a full explanation of the matter. From this it will be seen that under the present system any increase in the consumption of water means a like increase in the cost of pumping, while under the plan for Byrd's Mill it will cost no more to pump a million gallons than it will one hundred thousand. The hydraulic rams are run by a combination of the force of the water and compressed air and may be said to be self-operating. They are such simple pieces of machinery that they require practically no attention.

LUKE JENKINS ACQUITTED ON PERJURY CHARGE

After disposing of the Pete Williams case this morning the district court took up the indictment against Luke Jenkins charging him with swearing falsely in the Bill Nutt murder trial. Having been an attorney in the Nutt case Judge McKeown was of course disqualified to sit on this case and Duke Stone was elected special judge to hear it. Defendant's attorneys demurred to the indictment and a long battle of words was engaged in with state's attorneys. About 2 o'clock the judge overruled the demurrer, a jury was empaneled and the trial begun.

Then it was that the attorneys for the defense brought out the fact that the indictment was defective in that it charged perjury in the case where Nutt was charged with killing J. B. Morrow, when it should have been T. F. Morrow. The county attorney admitted the fatal defect and the accused man was discharged.

Judge Stone appears very much at home and at his ease in his new position and is giving both sides due consideration.

PROGRESS OF THE STREET PAVING

Work on putting down the asphalt surface of the paving is progressing more rapidly as things become better organized, and if nothing unforeseen happens this afternoon the block between Broadway and Townsend will be completed by night. The next block west will follow and then the one on North Townsend and after that the one on South Broadway. At the present rate the work will be done in a short time.

PLEADS GUILTY GETS TWO YEARS

This morning the case against Pete Williams, charging him with the theft of two horses from a negro in the neighborhood of Stratford, was called a jury empaneled and the examination of witnesses begun, when Williams withdrew his plea of not guilty and entered one of guilty. His punishment was assessed at two years in the penitentiary.

J. C. (PAT) JONES BUYS KEMP PONTOTOC CAFE

Mr. Joe Kemp has retired from the restaurant business, on account of failing health which has been more or less precarious since he lost his arm from train accident.

Mr. J. C. (Pat) Jones has purchased the Pontotoc cafe from Mr. Kemp and is now in active charge. Mr. Jones is an experienced caterer and one of those pleasant, accommodating gentlemen whom people like to patronize.

Just received a shipment of fresh Loose-Wiles candies; also take notice of the large apples which will arrive tomorrow. Everything new and fresh at Post Office News Stand.

LANCASTER AND ARBuckle ACQUITTED

Most of yesterday was spent in the district court trying Ed Lancaster and Jim Arbuckle for the theft of some hides last fall. The case was given to the jury late in the evening and the defendants were acquitted. Both men have been in jail two or three months awaiting a trial.

LETTERS FROM LITTLE FOLKS TO SANTA CLAUS

Dec. 13, 1910.
Dear Santa:
Please bring me a bicycle and a foot. Bring me also a few roman cannons and some fire crackers.
EUGENE HOWERTON.

Ada, Okla., Dec. 15, 1910.
Dear Old Santa Claus:
I am almost 4 years old and my name is Herbert Arlo Kaiser. You have visited me every Xmas and I thought I would write to tell you where I live. I live on 14th street and Stockton avenue. I thought I would write and tell you what I want. I want a drum and a train and a fire wagon and auto. Be sure and come and bring me some candy and nuts and apples. Be sure and bring all of these if you can't bring them all bring what you can. Well I guess that is all you can carry this time so be sure and come.
From Herbert to Dear Old Santa.

Resolutions of Respect.
Whereas, we the teachers of the South school extend our heartfelt sympathy to the bereaved family who lost their son Thursday morning at 8 o'clock.
Whereas, we the South school express our unlimited sympathy to the bereaved parent of our schoolmate Z. Deaver, who passed away after several weeks of illness.
Whereas, we the Eighth grade and our teacher, Mr. McCurry, ask that the parents of our classmate accept our utmost sympathy in this sad hour.
May our loss, which seems irreplaceable, be not thus, and may we trust to the most High for "mild and healing sympathy."
Signed,
Eighth Grade South School.

Pony Deaver Dead.
Pony Deaver who had been ill of typhoid fever for over a month past passed away about 8 o'clock this morning at the age of nineteen years.
He was an industrious, honorable young man and highly esteemed by all who knew him. He was the son of Mr. and Mrs. N. R. Deaver of Mill Creek and had come here about the first of September to attend school, and was living with his mother, brother Charlie, and sister Miss Dove on West 15th street.
The remains will be sent to Mill Creek this afternoon for interment tomorrow.

A Correction.
A short time ago we were informed that Mrs. Geo. Harris of Durant had died at Sherman under an operation for appendicitis and published a statement accordingly. We have since learned, however, that we were misinformed, the mistake arising from the fact that at the time Mrs. Harris was to have been operated upon Mrs. Eugenia Brown, a daughter of S. T. Williams, the stepfather of Mrs. Harris, died at Royce City, Texas. Mrs. Harris we learn, is recovering. It was found that an operation would not be necessary.

ENVIABLE RESIDENCE SITE.
W. W. Sledge Buys Hoover House
Corner Broadway and 17th Sts.

Mr. W. W. Sledge, lumber merchant, and one of Ada's strongest business citizens, has purchased from Mrs. Margaret Hoover of Eureka, Kans., the residence property where Mr. Claude Rodarmel resides corner Broadway and 17th streets, for the sum of \$3,000. This property is considered one of the very choicest residence locations in the city.
The deal was consummated through Mrs. C. H. Browall.

Fair Weather Predicted.
The clearing of the skies this morning and beautiful day following indicate that this section will get none of the rains that have been falling around Durant and in the southeastern part of the state. The government forecast for tomorrow is fair.

Saved From Awful Death.
How an appalling calamity in his family was prevented is told by A. D. McDonald of Fayetteville, N. C., R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. Its the best medicine I ever saw or heard of." For coughs, colds, la-grippe, asthma, croup, hemorrhage—all bronchial troubles, it has no equal, 50c, \$1.00. Trial bottle free. Mr. George Lindsey and Miss Aby Crump are married. We wish them the best of good wishes.
Quite a number of western people are returning back to this settlement. There is quite a number wanting land.
The death angel visited our community and took Miss Ollie Wilson. Her vacancy is most in the family and will never be filled. She was a great success to her home and community. It leaves a sadness in her home; but she is gone to rest. To the ones left to grieve her loss; weep not, but ye shall see her some day where there will be no sad parting and no good-byes. Her funeral was held at Ada, Oklahoma.
Born to Mr. and Mrs. Kellogg, a son.

Our stock of coal has commenced to arrive. We handle only the BEST grades. Hot stuff especially prepared for us, Lump Coal, McAlister Lump and Nut, we carry a complete stock. We have our own delivery equipment. This insures prompt service and you get coal when you need it. All lump coal is forked to the wagon which insures you clean coal. We buy in large quantities and sell at the very lowest price. Call us up and let us figure on your winter's supply.

Don't Believe Everything You Hear
The chap up in the picture there, believed when he heard the "honk," "honk" of an old gander behind him, that he was about to be smashed in the back by an automobile. The result spelled disaster to his pail of milk.
And so, if anybody happens to tell you that they can give you as good lumber bargains as we can, you just look around before believing that. Get our prices and see our stock and be convinced that there's only one really right place to buy economically, and that place is right here.
Figures talk. So get our prices.
